An equal opportunity provider and employer

Welcome to the Elkader Child Care and Learning Center Preschool Room. We are very happy to have you with us. This letter will explain what your child will be exposed to and need to have for supplies. Jody Kruger is the lead teacher in this room.

In our preschool room we are preparing the children for Kindergarten. In the morning the children will have circle time. At this time the children and teacher will go over the calendar, helpers of the day, weather, read a story, and do a game with colors, shapes, letters, or numbers to reinforce recognition.

They will go outside every day and will have some type of art time. At science time they will do activities to get the children thinking what will happen next, and look at insects and bugs and learn about them. The children will also do food experiments to learn about germs. Music time will also be a part of their day. You'll hear songs and finger plays that they have learned.

They will be read to and be helped writing their name, and learning their address and phone number. They will always practice using inside voices, manners, learning to line up and to raise their hands.

Supplies that are needed in the preschool room are; an extra set of clothes for accidents, this includes a change of underwear. This can be from a bathroom accident or milk getting spilled on their lap. If your child does use the extra clothes, please bring another back the next day.

At any time you have any concerns, comments, or questions do not hesitate to let the director, assistant director, lead teacher, or any teacher in their room know.

Thank you for letting us be part of your child's life.

Sincerely,
Elkader Childcare & Learning Center Staff
